

Mipa WBC Binder 2K-Decklack

Available as high gloss and matt binder, which can be mixed to achieve all possible gloss levels. By tinting with Mipa WBC base tinters, a high-quality, particularly resistant one-coat paint for both exterior and interior use is obtained. The **Mipa WBC Binder 2K-Decklack** can be applied on plastic and metal parts and can also be used as a transparent protective finish.

Mipa WBC Binder 2K-Decklack
