

Mipa 2K-HS-Klarlack CS 96

Scratch-resistant surface - impressive gloss

Mipa 2K-HS-Klarlack CS 96 is particularly scratch-resistant thanks to the innovative reflow technology.

- Universally applicable with Mipa 2K-MS or HS hardeners 2:1
- Resistant to minor scratches and chemicals
- Easy to apply
- Optimum spray mist absorption at higher temperatures
- Particularly suitable for high-quality partial or complete paintworks
