

BONDING & SEALING

MP 1K PU-Scheibenkleber

310 ml

Technical Data:

- solvent-free, fast and odourless curing (moisture-curing)
- fast application and curing
- good resistance against high dynamic stresses
- high torsional rigidity, reduces vibration and noise generation
- prevents contact corrosion in aluminium-body vehicles
- low contact resistance, non-conductive
- drive away time: 30 min. with driver and passenger airbag
