

Product-Information

Mipa Graffiti-Entferner is a special solvent combination for graffiti removal (sprays, crayons or colour marker) from walls, façades, transport means and different kinds of substrates (natural stone, tiles, concrete, plaster, glass, painted and blank metals).

Application:

Mipa Graffiti-Entferner should be applied with a brush, cloth or sponge on the desired surfaces and wiped off after graffiti dissolution.

Remarks:

By application on old paints or plastic it is recommended to make a trial on a non direct visible surface to be sure that the substrate will be not affected (danger of substrate dissolution).
Do not use on thermoplastic paints.
